

Technical sheet

- | | |
|------------------------|--|
| Product | - Moving coil panel |
| Model | - 540 |
| Movement | - DC moving coil with ruby bearings
- Class 2.0
- Ranges 200µA, 500µA, 1mA
- A DC calibration possibility up to 30A with internal shunt and from 60mV DC with resistance multiplier.
- V AC calibration by internal bridge rectifier
- A AC by internal current transformer |
| Construction | - Front of acrylic resin and Bakelite box
- Fixing with four threaded studs
- Case in black and scale in white
- Red tube pointer (25 mm) |
| Standard scales | - V DC 5, 10, 15, 20, 30 and 50 V
- A DC 1, 2, 3, 5, 10, 15, 20, 25 and 30A
- V AC 250 and 400 V
- A AC 1, 2, 3, 5, 10, 15, 20, 25, and 30 A |

Check for other scales, ranges and finishes.

Mechanical dimensions (all in mm)
