

Product

- Moving coil panel

Model

- 870

Movement

- DC moving coil with ruby bearings
- Class 2.0
- Range 50µA, 100µA, 200µA, 500µA and 1mA
- A DC calibration possibility up to 50A with internal shunt and from 30mV DC with resistance multiplier
- V AC calibration by internal bridge rectifier
- A AC by internal current transformer

Construction

- Front of acrylic resin and ABS box
- Fixing with four threaded studs
- Case in black and scale in white
- Red tube pointer (43 mm)

Standard scales

- V DC 5, 10, 15, 20, 30 and 50V
- A DC 1, 2, 3, 5, 10, 15, 20, 25 and 30A
- V AC 250 and 400 V
- A AC 1, 2, 3, 5, 10, 15, 20, 25, and 30A
